HONORED EMPEROR WILLIAM.

German Rifle Society Elects Him an Honorary Member.
(By Associated Press.)
CHARLESTON, S. C., July 26.—At the recent golden jubilee of the German Rifle Society, of Charleston, Emperor William, of Germany, was unanimously elected an honorary member of the society to take the place of Emperor William I, who was for many years an honorary member of this society.

President Emil H. Jahns, has received from Herr Zoepfel, of the Imperial German consulate at Atlanta, a communication conveying the information that the German Emperor had accepted the election "in consideration of the circumstance that his most illustrious grandfather was also an honorary member of this society."

COTTON ACREAGE REPORT REVISED

Department of Agriculture Issues a New Estimate, Without the Assistance of Holmes.

(By Associated Press.)
WASHINGTON, July 26.—Assistant Secretary Hays today made the following report to Secretary Wilson on the acreage of cotton in the Southern States in 1905, as compared with that planted in 1904:

"The board finds, upon careful consideration of the reports of all classes of correspondents and agents, that the acreage planted in cotton this year, including the entire season, should have been estimated at \$5.1 per cent. of that planted last year, equivalent to a reduction in planted acreage as compared with last year of 14.9 per cent. (instead of 11.4 per cent.) or 4,731,000 acres—the estimate of the total acreage planted this year being 26,399,000 acres.

"The estimated percentage of the decrease in each of the cotton growing States is as follows: Virginia, 18; North Carolina, 16; South Carolina, 14; Georgia, 14; Florida, 12; Alabama, 11; Mississippi, 10; Louisiana, 17; Texas, 16; Arkansas, 19; Tennessee, 14; Missouri, 15; Oklahoma, 15; Indian Territory, 11."

WAS INDICTED WITH ELECTION "CROOKS"

(Continued from First Page.)

much as they appoint the officers who receive the votes, and should, therefore, exercise the strictest care in the selection of these officers. Our investigation shows that the appointments are made on the recommendation of any citizen, and that the board is governed thereby.

"We are of the opinion that the board should be governed by the recommendations of the city central committee, who are elected by the people to see that the elections are fairly and honestly conducted, and should be required to share the responsibility.

"We find, also, that the destruction of the unused or mutilated ballots opens the door to fraud, and that this feature of the election law should be remedied.

"We also find, upon the sworn testimony of one hundred and seventy-two voters of the Third Monroe precinct, out of two hundred and one who voted at that precinct in the last primary election, that only thirteen refused to testify, two failed to remember how they voted for city sergeant, three failed to remember how they voted for commonwealth's attorney, and two did not vote for either officer. The others showed a willing desire to assist the grand jury in every way possible.

"Our verified count shows that for the office of city sergeant, H. C. Epps received sixty votes, T. W. McCaw received twenty-one, and J. C. Smith received seventy-four. The certified returns from the judges who served in the election showed that H. C. Epps received forty-four, T. W. McCaw received eleven, and J. C. Smith received one hundred and forty-two.

"For the office of commonwealth's attorney, our count shows Anderson received eighteen votes, Cary twenty-two, Folkes fifty-three, Howard two, James nineteen, Wallace eight, George E. Wise eleven, and George D. Wise twenty-one. The certified returns of the judges of election of that precinct showed that Anderson received fourteen votes, Cary fifteen, Folkes one hundred and eleven, Howard six, James eleven, Wallace ten, George E. Wise thirteen, and George D. Wise twelve.

"We find, so far as we have been able to discover, that the election was fairly conducted with the exception of the cases which we report to the honorable court with suitable indictments."

GREEN MADE CHARGE

It Reflected on Law Partners of Senator Sale.

ONE OF THEM ATTACKED HIM

Lively Bout in Senatorial Candidate's office on Fifth Floor of Citizens' Bank Building—One Round and Drawn Battle.

(Special to the Daily Press.)
NORFOLK, July 26.—Nathaniel T. Green, senatorial aspirant, and Colonel James Mann, of the law firm of Sale, Mann & Tyler, were the participants in an altercation in Mr. Green's office on the fifth floor of the Citizens' bank building today.

After the first blow had been struck, or offered to be struck by Colonel Mann, the two clinched and pummelled at each other for about three minutes before G. Taylor Gwathmey, Richard Melville, Jr., and Theodorick A. Williams succeeded in separating them.

Both Colonel Mann and Mr. Green came out of the affray without serious bruises and, according to Mr. Green, the matter will not be carried into the courts in any form.

What Caused the Row.

The census belli was charges made by Green in a speech at Old Fellowship last night. Speaking of Senator Sale's record on the Jamestown exposition bill, the speaker said:

"But if Mr. Sale did anything for this bill he had more aid than that that the House gave to him. He had a lobby fund. Money was raised to lobby that bill through the legislature. And with that money Sale's work was furthered.

"If you ask where that money went and who spent it you will be astounded to know that part of it went into the pockets of Major J. Heth Tyler and Col. James Mann, of the firm of Sale, Mann & Tyler. One of the worst things that can happen to a State is that its legislature should be surrounded by a lobby. And when the partners of the legislators are the lobbyists the condition developed is a crying shame."

TO TEST HARD COAL.

Further Experiments With That Fuel Authorized by Bonaparte.

(By Associated Press.)
WASHINGTON, July 26.—Secretary Pennington has authorized the continuance of the experiments with anthracite coal, in small sizes by the North Atlantic fleet, with a view of determining whether its use alone or mixed with bituminous coal will decrease the amount of smoke emitted by the vessels.

Arrangements have been made for a quantity of coal to be used experimentally this summer and the bureau of steam engineering has the question of possible modification of boiler furnaces under consideration to meet the conditions which may be developed in the further tests of the fuel.

WILL TRY TO BREAK UP THE SMUGGLING

Much Tobacco Goes Through Bayonne Without Paying Duty—Standard Oil Ships Under Suspicion.

(By Associated Press.)
NEW YORK, July 26.—The custom house authorities intend to take active measures to stop the extensive smuggling of tobacco at Bayonne, N. J., where on Saturday, 278 bales of Sumatra tobacco, valued at about \$2,000 were seized in the house of a woman who is said to be the agent of a gang of smugglers. The vessel from which the tobacco came is said to be the steamer Diamant, of the Standard Oil Company.

There have been twenty cases of alleged smuggling lately at Bayonne and in every instance the vessels under suspicion belonged to the Standard Oil Company. The condition of affairs was called to the attention of the Standard Oil officials and they promised to investigate.

Police Break Into Delmar Track.

(By Associated Press.)
ST. LOUIS, MO., July 26.—After the second race had been run at the Delmar race track today a squad of police marched into the track. It was necessary to force their way in today, breaking the iron chains at the entrance, but there was no combat or physical violence.
